

Port-au-Prince, March 18, 2025

Dear Sunrise Airways friend,

Sunrise Airways, in collaboration with Media Publishing International N.V., is excited to announce the launch of the first edition of our *Sunrise Airways Inflight Magazine*.

This magazine will be available on all our flights for +300,000 passengers average per year, covering our extensive network of **16 destinations** across the Caribbean, North America, and Central America, including Port-au-Prince, Cap-Haitien, Cayes, Miami, the Dominican Republic, Cuba, St. Maarten, Guadeloupe, Panama, Antigua & Barbuda, St. Lucia, St. Kitts & Nevis, Dominica, St. Vincent & The Grenadines, Grenada, and Tortola.

The inflight magazine offers an excellent opportunity for stakeholders to promote their businesses through advertisements. In addition to being available free of charge to our passengers, the magazine will also be accessible online and widely distributed throughout the region by Media Publishing International N.V. It will be linked directly to the official Sunrise Airways website, further extending its reach and visibility.

This publication presents a valuable and cost-effective opportunity to showcase your products and services to travelers across our extensive network.

We encourage you to support this initiative by advertising in the magazine, ensuring your business gains exposure to our diverse passenger base. This is a fantastic opportunity to connect with travelers and inform them about what your business has to offer.

Thank you for considering this opportunity, and we look forward to your participation.

A handwritten signature in blue ink, appearing to read "Dr".
